

## **HOW TO ACCESS YOUR SAT SCORES (AND AP SCORES)**

If you have a College Board account, you will log in at [www.collegeboard.org](http://www.collegeboard.org) and click on SAT and then SCORES in the dropdown menu. Click on GET YOUR SAT SCORES to view your scores or SEND SCORE REPORTS TO COLLEGES to send them directly to colleges. Please be patient on the release date as the College Board releases the scores in waves, not all at the same time for in-school administrations. If you don't see your score, wait a bit and try again later.

If you are not sure if you have an account, try using the "forgot username" button. Try all possible emails! You do not want to create more than one account! If you do not have an account, you will need to create one. See directions below.

If you have questions or cannot log in, you can contact the College Board directly at: [866-756-7346](tel:866-756-7346)

The PHHS counselors do NOT have access to your scores or your College Board log in information!

## **HOW TO CREATE A COLLEGE BOARD ACCOUNT**

Go to [www.collegeboard.org](http://www.collegeboard.org) and click on DON'T HAVE AN ACCOUNT? SIGN UP, then click on I'M A STUDENT. Complete the registration including your personal information, security questions and a username and password. Remember to write this information down and keep it in a safe place! After you have an account, you can register for the SAT's offered on Saturdays by clicking on SAT and then REGISTER FOR THE SAT in the dropdown menu and following the prompts.
